Curriculum, Instruction & Assessment are fundamental components of an effective education system. In order to meet the diverse learning needs of students and the requirements of the Connecticut Core Standards and Common Core of Teaching, it is imperative that schools have tools and support to plan, develop and implement standards-based curriculum, assessment, and instruction.

The GPCC receives graduate course and program proposals from colleges and departments and ensures their compliance with University policies and goals for graduate education. This committee also approves changes in post-baccalaureate curriculum, including the addition or deletion of courses, approval of new programs or concentrations, and changes in program requirements.

GPCC - Curriculum, Instruction, Assessment

Our knowledge about ASL also has to inform our instruction, and then lead to assessment of students that helps us modify our curriculum and instruction approaches- continuing a cycle that is focused on positive outcomes for students. This vision is now being realized and shared with the Curriculum, Instruction, & Assessment (CIA) project.
