Jennifer Gross, Senior Healthcare Specialist. By Jennifer Gross, BSN, RAC-CT, CPHIMS. In May we opened up our Advanced Training session, "COVID-19: MDS Coding and Documentation FAQs," to the public and we received a volley of great questions that we didn't have enough time to answer thoroughly. Below are my responses to the questions submitted during our live session.

COVID-19: MDS Coding and Documentation FAQs

Does all of the new government regulation seem mind boggling? AANAC's easy to use coding tools, quick-tips, and at-a-glance sheets are designed to help you work with your team to get on the same page, collect the correct information, and code most accurately to improve resident outcomes.

Tools - AANAC

Documentation Guidelines • Clear, concise and comprehensive • Describe situations/treatments/care • Objective vs. subjective • Provide data not opinions • Medical record is about the resident not the staff • Reasonableness and necessity • Can be located anywhere in the medical record Nursing Documentation and PDPM 23

Nursing Documentation and PDPM: Addressing the Crossroads ...

The first rule of documentation for any nurse is to know the governing laws in the state of practice, the policies and procedures of the institution of practice, and the guidelines from applicable specialty organizations. It's important to note that when State law and institutional policy are in conflict, state law trumps the institution.

The legalities of nursing documentation : Nursing2020

The facility-specific letter directs the facility to develop and submit a Corrective Action Plan (e.g., MDS training, improved documentation systems) and directs that documentation of the steps taken to address the Corrective Action Plan be made available during the MDS Penalty Audit.
