### Naturalistic Observation Paper

Naturalistic Observation This paper is going to describe the behavioral and cognitive traits that can be inferred from that behavior of a two year old child that I observed in the park as she was playing with her mother. The child that I observed is a girl, has blonde hair and is physically well-developed for her age.

### Naturalistic Observation Paper - 524 Words

Naturalistic observation, also known as nonparticipant observation, has no intervention by a researcher. It is simply studying behaviors that occur naturally in natural contexts, unlike the artificial environment of a controlled laboratory setting. Importantly, in naturalistic observation, there is no attempt to manipulate variables.
